### PROFILE

Frontend Developer focused on building modern, responsive, and user-friendly web applications. Experienced in developing projects with React and Next.js using TypeScript, Tailwind CSS, and modern frontend development practices.

Previously worked as a store manager for 3 years, developing strong skills in leadership, problem-solving, communication, and day-to-day operations. Currently seeking a Frontend Developer position where I can apply my technical skills, continue learning, and contribute to real-world products.

### WORK EXPERIENCE

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |             |
